

HAM RADIO CLASS

The **Fox River Radio League** will be holding a free 6 week course where you can learn everything you need to earn your **General Class** Amateur Radio License.

This class is designed for people with some background in radio and a Technician class license.

The test is a 35 question multiple choice written test. Morse Code is no longer required. ANYONE is invited to join the class or “sit in” as a refresher.

The textbook for the class will be **The General Class License Manual, 8th Edition**. Be sure you have a copy for class. Books can be purchased online through www.arrl.org, at local hamfests, Amazon, or several other online sources.
